

HOPE & HEALING (LARGE GROUP)

Lesson 3: Humpty Dumpty

Objective: Only a relationship with Jesus can heal you

PANEL LESSON: 3-4 Survivors of hard life challenges who kept the faith or gave their lives to the Lord prior to this event OR use an "I am Second" video and 3-4 leaders to be the panel.

TIME: 45-50 Minutes

Best Practice: Prepare questions you want panelists to talk about and a week before ask the teenagers to write some hard life questions **anonymously** that you get miss in with your questions for the panel. Invite panelists a month in advance to allow time for them to prepare and for you to hear/read the answers to your questions.

GAME/ACTIVITY :

Put a picture of Humpty Dumpty in the front of the room and ask, "Who can tell me who this is?". THEN after a few silly answers, ask who remembers the nursery rhyme that goes with Humpty Dumpty. Then on THREE let sing it out loud. Try to get as many as possible to sing as loud as they can. The purpose is to be silly and lighten the mood of the room because the panel's stories may be heavy and hit home with some of the youth. This can replace a game to provide more time for stories and keep the energy on the front of the room.

LARGE GROUP DISCUSSION:
