

MS 2022-2023 FILTERED SUGGESTED YEAR

Q0	August 22	Pre-Kick Off		
Q0	August 29	Big Monday		
Q1	September 5	Filtered Me	Intro	This stand-alone Club serves as an introduction to the theme "Filtered". Throughout this year, we will explore the idea that we often pop a filter on less-than-perfect parts of our lives so they appear better. At Campus Life, we want to see and grow to love the real and unfiltered you.
	September 12	Filtered Me	How I See Me	This series seeks to help students take off some of the filters that they put on themselves to make themselves more desirable. We want to emphasize who God created them to be—the real them is loved. We want games to focus on noticing students and giving them chances to be seen for their real selves.
	September 19	Filtered Me	How Others See Me	
	September 26	Filtered Me	Unfiltered Me	
Q1	October 3	Filtered Emotions	Anger	This series is rooted in our former Twisted Emotions series but focusing on emotions that we often filter out of our lives. Each week focuses on one emotion. We will focus on how Jesus met people in each of these emotions and wrap-up with the assurance that no matter what emotion we are feeling, we can have confidence that Jesus felt it and can handle it.
	October 10	Filtered Emotions	Anxiety	
	October 17	Filtered Emotions	Emptiness	
	October 24	Filtered Emotions	Joy	
	October 31	Big Monday		

Q2	November 7	Filtered Relationships	Family	Relationships can be hard and we often filter them so they look better to everyone else. Families aren't always the way they seem in pictures: parents fight; parents get divorced; siblings struggle with addiction; some loved ones die early and others are in jail. Some friendships aren't healthy; some are only friends with us for what we have; other friendships end abruptly and some of us don't feel like we have as many friends as we have bullies. Many middle school students want a boyfriend/girlfriend but it can get perverted with sexting, porn, manipulation and secrets. We will end with our first Gospel presentation of the year by talking about God desiring an unfiltered relationship with us.
	November 14	Filtered Relationships	Friends/Bullying	
	November 21	Filtered Relationships	Romance (Sexting/Porn)	
	November 28	Filtered Relationships	God (Gospel)	
Q2	December 5	Unfiltered Christmas	Christmas Story	Our hope is to share the entire Christmas story- the hope that it brings but also the hard and unrepresentable parts of it: the Emmanuel and an unwed teen mother; the shepherds and a baby born in a manger; the miracle and the humanity of Jesus.
	December 12	Unfiltered Christmas	Christmas Party	
	December 19	Christmas Break		
	December 26	Christmas Break		

Q0	January 2	2 nd Semester Kick-Off		
Q3	January 9	Six Feet Away	Future	At the start of every year, we like to encourage students to look ahead to the new year and what they want it to be. This year, in a unique approach, we use a covid play-on-words to explore how our mindsets with time-both future and past are often holding them at a distance, at six feet away. We first talk through two different mindsets of the future- of hope and of dread and then talk through how to not let the past overwhelm the present and future.
	January 16	Six Feet Away	Past	
Q3	January 23	Filtered Differences	Self	As the nation celebrates Martin Luther King Day and transitions into Black History Month, we want to celebrate diversity and differences. We believe in the biblical law of loving others as ourselves and model this miniseries after that. We must first learn to love ourselves including what makes us different then we can learn to love other people no matter how different they are from us. This series seeks to create a culture within your Campus Life where EVERY student is welcome.
	January 30	Filtered Differences	Others	
Q3	February 6	Filtered Love	I'm Loved When I'm Good	So much of our world is based on a system of rewards and this trickles into our idea of love. We feel like we are loved only when we are good enough; when we do enough and when we are not alone. At Campus Life, we want to challenge these ideas of love with the person of Jesus. Ultimately, we want students to know that no matter how other people operate, Jesus loves us always.
	February 13	Filtered Love	I'm Loved When I Do	
	February 20	Filtered Love	I'm Loved When I'm Not Alone	
	February 27	Filtered Love	I'm Loved Always

We first talk through two different mindsets of the future- of hope and of dread and then give students a space to grieve the past- people and experiences that feel six feet away.
	January 16	Six Feet Away	Loss

Q4	March 6	Filtered God	Church Isn't Perfect	We often filter God through our own life circumstances and conclude that God isn't good or present nor does He care about us and the things we care about. The filters of our lives can make the opposite seem nearly impossible. This series will show that God is bigger than the filters we can put on Him and if we look passed the box of our filters, we will see that He is good, here and cares. We would encourage ending this series with a tough questions panel of professionals that can answer common questions about God and specific questions your students submit.
	March 13	Filtered God	God Isn't Here	
	March 20	Filtered God	God Doesn't Care	
	March 27	Filtered God	Tough Questions	
Q4	April 3	Jesus And...	My World	God is woven into every aspect of our lives. There is no part that He can be filtered out of no matter how complicated it feels. In this series, we will take a look at various pieces of our lives and the topics that GenZ find important. The last week of this series is Jesus and My Summer talking about how Jesus doesn't just stay at Campus Life and wait for them until August, but how they can continue to find Jesus in their summer vacations.
	April 10	Jesus And...	My Mental Health	
	April 17	Jesus And...	My Self-Image	
	April 24	Jesus And...	My Story	
	May 1	Jesus And...	My Summer	
	May 8	Big Monday
